

INTEGRITY. DIVERSITY. INNOVATION. RELIABILITY.

Building Ingenuity in Saudi Arabia

An ISO 9001:2015 & 45001:2018 Certified Company

About Us

Kenz Contracting is driven by a team with over 60 years of combined experience in the Saudi Arabian industrial sector.

We specialize in delivering innovative cold storage solutions, robust electrical and telecom installations, telecom shelters, comprehensive MEP, prefab & modular solutions, and exceptional maintenance services.

Our deep market knowledge, technical expertise, and commitment to quality ensure the success of your industrial projects.

Expertise-Driven, with Detailed Services

Harness the power of 60+ years of Saudi-focused engineering expertise with the team of Kenz Contracting . We specialize in innovative cold storage solutions, robust electrical and telecom installations, telecom shelters, comprehensive MEP, prefab & modular solutions, and exceptional maintenance services. Our in-depth understanding of the Saudi industrial landscape ensures exceptional results for your projects.

Client-Focused, Service-Inclusive

Partner with Kenz Contracting and leverage the founding team’s 60+ years of Saudi industrial experience for your project's success. We specialize in innovative cold storage solutions, robust electrical and telecom installations, telecom shelters, comprehensive MEP, prefab & modular solutions, and exceptional maintenance services. Our team's deep market knowledge, technical expertise, and commitment to quality drive successful project outcomes.

Vision

“Kenz Contracting aims to transform the built environment with reliable, sustainable, and cutting-edge engineering solutions, leaving a legacy of excellence.”

Mission

“To be the trusted partner for engineering projects, delivering affordable, innovative solutions with unwavering integrity and transparency.”

Values

“We’re very uncompromising about upholding the highest standards of integrity and ethical practices. We are committed to reliable, innovative solutions that foster sustainability and exceed client expectations through a relentless pursuit of excellence.”

Kenz Electric

Kenz Electric is a trusted partner for industrial and commercial clients seeking comprehensive electrical solutions. We deliver custom-built electrical systems designed to enhance efficiency, safety, and reliability. Our team of experts works closely with you to understand your unique needs and deliver solutions that meet your budget and project goals.

“
Power Up Your Operations
with Kenz Electric

01

Your Complete Industrial & Commercial Electrical Partner

Our expertise lies in custom low-voltage power and control panels, switchgear, automation, and instrumentation. We take pride in crafting safe and reliable systems tailored to your specific requirements, ensuring optimal performance for your facility.

Kenz Electric is your one-stop shop for all your industrial and commercial electrical needs. We specialize in designing, building, and implementing comprehensive electrical solutions to keep your operations running smoothly and efficiently.

At Kenz Electric, we go beyond simply providing electrical services. We offer a collaborative approach, working alongside you to design and implement electrical solutions that empower your operations.

Our Core Competencies include:

Custom Low-Voltage Power & Control Panels

We design and build control centers, lighting control panels, and distribution panels tailored to your specific needs, ensuring optimal power management and safety.

Switchgear

Our team has the expertise to select and install the right switchgear for your application, including automatic transfer switches, breakers, and disconnects, guaranteeing reliable power distribution and protection.

Automation & Instrumentation

We leverage automation technologies like PLC programming and SCADA systems to optimize your processes and integrate seamlessly with existing equipment. We also have extensive experience with various instrumentation solutions, such as sensor integration and data acquisition systems, to provide valuable insights into your operations.

Tailored Solutions

We understand that every project is unique. Through consultations and site surveys, we gain a comprehensive understanding of your requirements and budget constraints. This allows us to design and build electrical systems that perfectly match your specific needs.

Safe & Efficient Systems

Safety is at the forefront of everything we do. Our team adheres to the latest electrical codes and prioritizes arc flash mitigation to ensure the well-being of your personnel. Additionally, we design systems that promote energy efficiency and improved power quality, reducing your operating costs.

Expertise You Can Trust.

Partner with Kenz Electric as your trusted advisor, our team of skilled professionals are dedicated to delivering exceptional electrical solutions that empower your success.

Kenz Cold

Kenz Cold, a division of Kenz Arabia, provides comprehensive solutions for all your commercial and industrial refrigeration needs. We specialize in design, installation, maintenance, and service, keeping your products fresh and your operations efficient.

Ensuring Optimal Temperature Control for Your Success

02

Experience Unmatched Cold Chain Expertise!

Tailored Solutions

We take the time to understand your specific requirements and develop a customized plan to meet your budget and operational goals.

Preventative Maintenance

Our proactive maintenance programs help identify and address potential issues before they disrupt your operations.

24/7 Emergency Service

We offer round-the-clock emergency support to ensure your cold chain remains uninterrupted, minimizing downtime and product spoilage.

Unwavering Commitment

At Kenz Cold, we prioritize your success. We are dedicated to providing exceptional service, expert advice, and reliable solutions to keep your world cool.

Your Trusted Partner in Cold Chain Excellence.

Unparalleled Expertise for Your Cold Chain

From walk-in cold rooms and freezers to condensing units and refrigeration panels, Kenz Cold provides a comprehensive product portfolio to ensure optimal temperature control throughout your supply chain.

We leverage industry-leading technologies and top-of-the-line equipment from trusted brands to deliver customized solutions for your unique needs.

Our team of highly trained and certified technicians possesses extensive experience in all aspects of cold chain management.

Guaranteed Performance and Peace of Mind.

Kenz Shelters

We provide reliable turnkey solutions for communication infrastructure. We offer a range of shelters, catering to telecom, defense, and other sectors. Our expertise extends beyond the structures themselves, incorporating electrical automation for temperature control, remote monitoring and notification systems, and automated fire safety features, etc. Our team is experienced in delivering such solutions for various clients with meticulous workmanship for over a decade.

03

Custom Shelters Tailored to Your Specific Project Needs

Our team of skilled engineers designs and delivers custom shelters tailored to your specific project needs and compliance requirements.

We ensure reliable and secure communication infrastructure through our comprehensive solutions, allowing you to focus on your core operations.

Investing in Reliable Communication Infrastructure Starts Here

Offers peace of mind for your remote communication needs.

We are a One-Stop Shop for Customized Shelters, featuring:

- Durable & Secure Shelters** Designed and built to withstand harsh environments.
- Temperature Control** Automated systems maintain optimal conditions for equipment.
- Real-Time Fault Alerts** Early detection of potential issues for proactive maintenance.
- Integrated Fire Safety** Automated systems for the safety of your equipment & personnel.
- Turnkey Solutions** From design to installation, we handle it all.

Where Communication Never Gets Lost.
Building Reliable Communication Infrastructure.

Kenz MEPF & HVAC

Kenz MEPF provides comprehensive and integrated solutions for your building's Mechanical, Electrical, Plumbing, and Fire Protection needs. Our skilled engineers design, install, and maintain efficient and reliable systems, ensuring a comfortable and safe environment for occupants.

Ensuring a Comfortable & Safe Environment for Occupants

04

We Leverage Cutting-Edge Technology and Industry Best Practices

We leverage cutting-edge technology and industry best practices to deliver customized MEPF solutions that optimize energy efficiency and minimize operational costs.

From concept to completion, our experienced team ensures seamless project execution, exceeding your expectations.

Building the Future, One System at a Time

Kenz MEPF offers a complete range of services, including:

- | | |
|-------------------------|---|
| Mechanical Systems | HVAC design and installation for optimal comfort and energy efficiency. |
| Electrical Systems | Reliable power distribution and lighting solutions. |
| Plumbing Systems | Efficient and sanitary plumbing design and installation. |
| Fire Protection Systems | Integrated fire suppression and detection systems for peace of mind. |
| Building Automation | Smart building technologies for enhanced control and efficiency. |
| Project Management | Seamless coordination and execution from planning to completion. |

Building the Future with Smart MEPF Solutions.

A team of Experts: Our HVAC Professionals bring years of experience and specialized training to every project

- Installed and serviced HVAC units, Rooftop units, chillers, and including split systems.
- Diagnosed system malfunctions and performed necessary repairs to ensure optimal performance.
- Conducted preventive maintenance and implemented energy-saving solutions.
- Worked with clients to design and optimize HVAC solutions tailored to their needs.
- Managed HVAC projects from planning to execution, ensuring quality and efficiency.
- Conducted air quality tests and recommended ventilation improvements.

"Creating Optimal Living and Working Conditions with Advanced HVAC Technology".

Kenz Modular & Prefab

Kenz Contracting delivers innovative prefabricated and modular solutions for diverse needs. From portable offices and residences to hotels, resorts, and data centers, we utilize ISO containers and cutting-edge technology to create high-quality, cost-effective, and sustainable structures.

05

“

We Prioritize Quality, Durability,
and Speed of Construction

Our team of experts designs and manufactures prefabricated / modular units that meet your specific requirements and budget.

We prioritize quality, durability, and speed of construction, allowing you to enjoy the benefits of your project sooner.

Build Faster, Smarter, and More Sustainable

Kenz Contracting's prefabricated and modular solutions offer a range of advantages:

Faster Construction

Reduced on-site construction time minimizes disruption and allows for quicker project completion.

Cost-Effective

Prefabrication offers a budget-friendly alternative to traditional construction methods.

Sustainable Solutions

We prioritize environmentally friendly materials and practices.

Scalability and Flexibility

Modular units can be easily adapted or expanded to meet changing needs.

Versatility

Ideal for a wide range of applications, including portable offices, residences, hotels, resorts, and data centers.

ISO Container Expertise

Our team leverages expertise in converting ISO containers for unique and sustainable structures.

Building Smarter Solutions, Faster. The Future of Sustainable Construction is Here.

Kenz Kitchen

We design and build high-performance commercial and industrial kitchens tailored to your specific needs. We deliver complete solutions, from layout and equipment selection to installation and maintenance.

“

Commercial & Industrial
Kitchens Tailored for You

06

“

We Prioritize Quality, Durability,
and Speed of Construction

Our team of experienced designers and engineers optimizes workflow and efficiency in your kitchen.

We leverage high-quality equipment and materials to ensure durability and meet safety regulations.

Kenz Contracting is your one-stop shop for all your commercial and industrial kitchen needs, offering complete peace of mind.

Elevate Your Culinary Operations

Kenz Contracting helps businesses create exceptional kitchens with:

Customized Design & Planning

We work closely with you to create a kitchen that optimizes workflow and maximizes space.

Comprehensive Maintenance Services

We offer ongoing maintenance plans to keep your kitchen running smoothly.

Equipment Selection & Procurement

We source high-quality equipment to meet your specific needs and budget.

Safety & Sanitation Compliance

Our solutions prioritize safety regulations and maintain the highest hygiene standards.

Expert Installation

Our experienced technicians ensure proper installation and functionality of all equipment.

Engineered for Efficiency, Built for Success.

Your Partner in Building High-Performance Kitchens.
